

Hawaiian Gazette.

VOL. XL. No. 88

HAWAIIAN GAZETTE, FRIDAY, NOVEMBER 10, 1905. —SEMI-WEEKLY.

WHOLE 2745

ALL TREASURY WARRANTS TO BE PAID THIS MONTH

**One Hundred Thousand Dollars Ready Today—
Balance by the 15th Inst.—Half-Yearly
Tax Instalments Hereafter.**

By the fifteenth of this month it is expected that all of the outstanding registered warrants against the Treasury of Hawaii will have been paid. At the end of October these evidences of the floating indebtedness of the Territory amounted to \$877,422.11.

Today, as an announcement elsewhere means, Treasurer Campbell is prepared to pay warrants amounting to one hundred thousand dollars. Registrar Hapai stated yesterday that every warrant would be taken up between then and the 15th inst.

Tax Collector Holt reports that the collections at his bureau this week have already amounted to \$100,000, though the rush anticipatory of penalty day has not begun. A grill work screen with three wickets has been placed upon the receiving counter so as to prevent confusion and facilitate the intaking of tribute money.

The tax office will be held open on Saturday from 8 a. m. until 8 p. m., for the convenience of working people. On Monday, Tuesday and Wednesday the office will remain open until 9 p. m.

A chalk artist of the tax office has covered a blackboard at the front entrance of the Judiciary building with a summary of the legal obligations of taxpayers for the remainder of this year and all of next. It gives in succinct form the substance of the new law, under which taxes hereafter will be delinquent in half-yearly instalments, respectively on May 15 and November 15.

SENATOR M'CANDLESS ANSWERS GOV. CARTER

Editor Advertiser: In reply to your article of the 8th inst., in which Governor Carter insinuates that I tried to defraud the Government in land and water rights, thus trying to justify himself in his attitude towards the Loan Bill, permit me to make the following statement:

First—as to the land right to which I think the Governor must refer.

During the month of January, 1903, the Government, through the Commissioner of Public Lands, offered for sale, under special agreements, seven lots at Lualualei, Waianae, Oahu, known as the old Mikilua Ranch. Lot No. 2 was purchased by me for \$2325.00, John F. Bowler purchasing the lot adjoining, known as lot No. 3, for \$1200.00, and the remaining five lots were sold for about \$1200.00 each, as I recollect. One of the conditions of these agreements was that the purchaser should build or have built upon the lot purchased by him a house costing not less than \$400.00.

On December 20, 1904, John F. Bowler, through his attorney in fact, Mr. M. P. Robinson, agreed to sell to J. S. McCandless lot No. 3, and on that date I presented an agreement, on behalf of J. S. McCandless, asking J. W. Pratt, the Commissioner of Public Lands, to approve of such sale and consent to the transfer of said lot No. 3, upon which Mr. Pratt wished to defer action until he could investigate and ascertain if Mr. Bowler had fulfilled all conditions of his agreement. Sometime during the month of January, 1905, John Lucas was appointed a Special Ranger to inspect all the buildings upon the Lualualei lots, and reported that all homesteaders at Lualualei, with the exception of John F. Bowler, had complied with the conditions, and estimated that John F. Bowler's house cost \$310.00, being \$90.00 less than the agreement called for. Upon this report both the Governor and Commissioner of Public Lands refused to allow this transfer, and just here I wish to state that the Governor, in company with Mr. W. A. Bulck, the manager of the Dowsett Company's ranches, on New Year's Day, about two weeks prior to Lucas' visit, personally inspected the Lualualei homesteads, and told me that Mr. John F. Bowler had not spent \$400.00 on his house.

During all this time Mr. Bowler was in San Francisco and arrived in Honolulu the latter part of January, 1905. Upon his return he stated to me that he had spent over \$420.00 on his house, and further stated he had made an affidavit to that effect, this statement being corroborated by the Commissioner of Public Lands. Still the Commissioner of Public Lands refused to allow the transfer, and later proceeded to annul Bowler's agreement and advertised and resold lot No. 3, at public auction, to the Hawaiian Trust Co., Ltd., of which Governor George R. Carter is Vice President, so advertised on its letterheads. A few days later the Hawaiian Trust Co., Ltd., resold said lot No. 3 to Samuel H. Dowsett, one of the principal stockholders of the Dowsett Co., Ltd., of which corporation the Hawaiian Trust Co., Ltd., is agent, and George R. Carter one of the Trustees for its bondholders.

Second—as to the water right. Lot No. 2 of the Lualualei lots purchased

by me has a running stream fed from the Government land mauka. Sometime ago Governor Carter stated that he was going to divert this water to lots 3, 4, 5, 6 and 7 through pipes, which lots are being used by the Dowsett Co., Ltd., for pasturing its cattle and horses to the number of from 1500 to 2000 head. I told the Governor that if he attempted to divert this water in junction proceedings would follow, and there the matter stands.

These are the only two transactions regarding land and water rights that I have had with Governor Carter, and any differences between him and me in this matter have nothing whatever to do with the stand that I have taken regarding the expenditures of the appropriations under the Loan Bill.

I have no "hostility," whatever, against the Governor, but what I do object to is his enacting a Loan Bill of his own, not only because it differs in the amount, but in the lifting of it to suit his own pleasure, thus ignoring the rights of the Legislature. It is true, as Governor Carter states, that I personally worked to keep the Loan expenditures down, but Governor Carter's recommendation of \$1,100,000 helped to spur on the Legislature against any economy that I might advocate.

L. L. McCandless.
Honolulu, November 9, 1905.

SUPERVISOR MOORE HAS SLIGHT STROKE

There was a rumor on the street last night after the adjournment of the Board of Supervisors that Supervisor H. T. Moore had been stricken with apoplexy.

Inquiry at his residence developed the fact that on returning home last evening he was taken with a vomiting spell and that one of the glands of his cheek had become partially paralyzed.

This occurred about six p. m. as Mr. Moore was going up stairs to his room. Dr. Wayson was immediately sent for and reported the cause to be as above. The patient is resting easily and is expected to be out again in a few days. The attack is supposed to be due to overwork.

THE PEACOCK PILIKIA.

Yesterday the old directors of W. C. Peacock & Co. held a meeting at Andrew Brown's house and voted to remove John G. Rothwell as manager of the corporation of which they no longer have possession. Notice was served on Mr. Rothwell at the store and advertisements were given to the three daily papers; but as the attorneys for the directors in possession objected to the publication of the Rothwell notice, threatening damage suits in case it appeared, the advertising matter was not used.

At the annual meeting of Wailuku Sugar Co. yesterday, Manager Wells stated that the 1905 crop was 7516 tons, or slightly above the estimate of a year ago. He estimated the 1906 crop at 7850 and that of 1907 at 9000 tons of sugar. Mark P. Robinson was elected president, P. C. Jones vice president, J. W. H. Robertson treasurer, E. Paxson Bishop secretary and C. M. Cooke, director.

LUCAS ALSO RECEIVED

**Supervisors Gave Him
Two Tokens of
Esteem.**

"Has any other supervisor something to offer?" asked Chairman Smith at the conclusion of the meeting of the Board of Supervisors last night.

Silence reigned, for those present latched for an adjournment.

"I have something to offer," said the chair, standing up and producing a suspicious looking package which resembled a cigar box in which choice brands are usually installed.

"There is an old song which runs:

~~~~~

SUPERVISOR JOHN LUCAS.

"Backward, turn backward, oh, time in thy flight; make me a child again—just for tonight." It is Mr. Lucas' 48th birthday tomorrow and while he is wise in many things he is in some things as a little child, and time doesn't have to turn back any at that. It gives me great pleasure to present Mr. Lucas with this little package which I trust he may live long to enjoy and treasure.

The package was handed to Lucas and he started to sob out his thanks—the gift was so utterly unexpected, he said.

Suddenly he ceased his protestations of gratitude and said that before wasting further words he would like to see what was inside the package. So saying he undid the wrapping, opened an expensive wooden cigar box and found—six nickel cigars and a box of matches.

Thereupon the giving of thanks ceased to be a virtue.

Lucas' natal day was to be still further marked, however.

The dignified Adams rose and with the air of a man making ample amends for past actions, cleared his throat and said:

"Mr. Lucas has done such good work among us, that it seems very fitting and eminently proper, here on the threshold of his 48th birthday, to present him with a little token of our esteem, at the same time wishing him very many happy returns of the day."

Thereupon he handed a parcel to Lucas which looked like a bottle.

Lucas smiled a smile which seemed to say "This is where I get mine," and proceeded to undo the package.

Presently a bottle was revealed in which was a crimson fluid, and attached to the neck thereof was a label with writing thereon.

"The clerk will please read the inscription," ordered the chair and Clerk Kalauokalani read as follows:

"From an admirer. Profanity tonic, discovered by George W. Smith. A teaspoonful taken before or instead of meals guarantees an absolute cure."

"I should have asked the clerk to read the prescription, not the inscription," remarked Chairman Smith.

Then Lucas stood up and made a noise like ready money and those present took the hint and straightway followed him out of the room and when last seen the procession was heading for the Salvation Army headquarters, going thence via Fort and Hotel streets.

The U. S. A. T. Sherman has the Fifteenth Infantry aboard en route to Manila.

## NO DEARTH OF MONEY

**Supervisors' Meeting  
Solves Financial  
Problem.**

The adjourned meeting of the Board of Supervisors last night was short and uneventful, coming to an end an hour after convening.

It was demonstrated that there is plenty of money in sight to meet November estimates and so the financial apprehension incident closes.

The road workers were ordered back to work yesterday as soon as assurances were given certain of the supervisors that the monetary problem had been untangled.

A gentleman from Pupukea entertained the meeting with a plaint as to the urgent need of road work in his district and was finally solaced with \$600.

It was decided to appropriate \$500 for the bringing here from the mainland of Park Expert Robinson, who, for the reasonable sum of \$500 guarantees to plan to beautify Honolulu with parks and boulevards in a manner hitherto undreamed of locally.

Present were Chairman Smith, Supervisor-at-Large Adams, Supervisors Lucas, Cox, Paele, Archer, County Attorney Douthitt, Deputy County Attorney Milverton, Thos. Dunne, Auditor Bicknell, Capt. Sam Johnson, Detective Lake, Clerk Kalauokalani, Stenographer Aea, Clerk Buffandeau, representatives of the press, Sam Nawaakoa.

As the meeting was an adjourned one no minutes were read.

It was discovered that Moore was absent and the phone was used, in an attempt to locate him. A rumor was abroad that the democrat was indisposed.

Lucas said that he, Adams, Moore and Road Supervisor Johnson met at Nolte's on Wednesday, and on the understanding that the territorial auditor would this month give the county warrants to the amount of \$45,000, had told Johnson to put the road men to work again, the road employees having been laid off on account of the uncertainty existing as to whether the county would receive enough money to allow the road department its required \$15,000.

This action was approved by the board.

News arrived that Moore was sick in bed.

The board figured that its estimates for November would amount to about \$44,265.

With the balance already on hand, it was stated that about \$4,500 would be left over for December.

The new Pupukea road matter came up.

The chair stated that in the matter of new roads the Superintendent of Public Works had the laying out and grading.

An earnest Pupukeale named Stalnaker who was present told the board that the road was already located and the grade fixed. Mr. Holloway had told him that it was now up to the supervisors.

Adams thought the board oughtn't to go into new roads at present. There were some terribly bad roads in his precinct.

The earnest resident of Pupukea figured that Pupukeale had paid enough into the territorial coffers to justify their modest road request being granted.

"Go to the Governor," said Lucas, "and tell your troubles to him."

"I've been told that the Board of Supervisors is our last resort," said Stalnaker, dejectedly.

It was finally decided to appropriate \$600 for the road.

Lucas presented a resolution to appropriate \$500 for the bringing here from Rochester, N. Y., Park Expert Robinson. Robinson is to draw up a comprehensive plan for the beautification of the city.

Archer wanted particulars. Lucas said that for \$500 Robinson would lay out parks, boulevards, etc., for Honolulu.

The resolution was adopted. Treasurer Trent's additional \$25,000 bond, for payment of premium, was brought up.

The matter was referred to the chair for investigation.

The proposed cemetery regulations ordinance was referred to, but it was decided to await the decision of the Supreme Court in the matter of where the board stands on ordinances before passing any more.

The meeting adjourned at 8:30 p. m.

## CRONSTADT CALMS DOWN

**Loyal Troops and Sailors in Control--Wales Sees India Splendor  
--Light on New York Elections.**

(Associated Press Cablegrams.)

CRONSTADT, November 10.—Fighting has ceased and loyal troops and sailors are in control. The casualties amount to 150 wounded and 50 killed.

## BATHING THE BALLOT.

NEW YORK, November 10.—It is reported that ballot boxes have been found in the North River.

## THE KING'S BIRTHDAY.

LONDON, November 10.—King Edward VII. celebrated his birthday at Sandringham.

## THE PRINCE IN INDIA.

BOMBAY, November 10.—The Prince of Wales has arrived and the city is en fete.

SAN FRANCISCO, November 8.—Eugene Schmitz and the entire labor ticket has been elected. Schmitz's majority is 15,000. NEW YORK CITY.

NEW YORK, November 8.—George B. McClellan has been elected mayor by 3500 and Jerome district attorney by 1000. Wm. R. Hearst will contest the election, charging fraud. The count of the vote, with a few precincts unreported, gives McClellan 205,598, Hearst 203,370.

## SALT LAKE CITY.

SALT LAKE CITY, November 8.—The anti-Mormon ticket is elected.

## MARYLAND.

BALTIMORE, November 8.—The negro disfranchisement amendment has been defeated.

## MASSACHUSETTS.

BOSTON, November 8.—The Republicans elect their governor and lieutenant-governor.

## RHODE ISLAND.

PROVIDENCE, November 8.—The Republicans elect their governor.

## OHIO.

CINCINNATI, November 8.—Democratic gains make the State ticket doubtful.

## PHILADELPHIA.

PHILADELPHIA, November 8.—Weaver and the reformers carry this city by 60,000 majority.

SAN FRANCISCO, November 8.—The upper portion of the Chronicle building was destroyed by fire at midnight.
